Product Facts (Continued)

For use in horses only. Use to support healthy joint structure and function.

Directions for Use

Provide HylaSport CMO to horses weighing 1,100 lbs (500 kg) at the rate of 100 grams per day (two level 70cc scoops).

Introduce gradually for best acceptance.

Dosage may be reduced proportionately, based on weight, for lighter breeds. A loading dose is not required.

Warnings:

- For animal use only.
- Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.

Scoop: 70cc
