**SCOOP: 48cc**

## Product Facts (continued)

For Equine use only. Recommended for use  
to support healthy joint and connective tissue  
structure and function.

### Directions for Use:

Give orally to mature horses at the rate of two  
ounces (two level scoops) per day. Dosage  
may be reduced proportionally (based on  
weight) for lighter breeds, ponies, etc. For more  
precise dosing, the use of an accurate gram  
scale is recommended.

### Warnings:

**For animal use only.**

Keep out of reach of children and animals.  
In case of accidental overdose, contact a health  
professional immediately.

This product should not be given to animals  
intended for human consumption.

### ATTENTION:

**Withdrawal may be required for horses  
used in competition.** Always check with the  
appropriate governing/sanctioning body to  
insure that the use of all ingredients listed is  
allowable.
