Made with

## Feeding Directions:

*This product contains a source of live, naturally-occurring microorganisms.*

For Equine use only. Recommended for use to support normal digestive function in horses.

Provide Pro-Lactic DFM to horses at the rate of one (1) ounce per day. Usage rate may be adjusted proportionately (based on weight) for younger horses, lighter breed or heavier breeds. Daily dosage may be divided to accommodate multiple feedings.

The enclosed 60cc scoop will hold approximately one ounce (28.4 grams) when filled to "level". For more precise dosing, the use of an accurate gram scale is recommended.

Keep out of reach of children.

Keep unused portion in tightly sealed container and store in a cool, dry place to retain product integrity.
