If lameness worsens, discontinue use and contact your veterinarian.

Administer during or after the animal has eaten to reduce incidence gastrointestinal upset.

Contains a source of live, naturally occurring microorganisms.

## Product Facts (continued)

For equine use only. Recommended to support joint structure and function.

### Directions for Use

Administer orally to mature horses at the rate of two to four ounces (one to two scoops) per horse, daily. Four ounces (113.5 grams) of ReitSport Lite will provide optimum results. Introduce your horse to ReitSport Lite gradually. Start with approximately one ounce (½ scoop) the first day. Gradually increase the daily usage rate until you reach two to four ounces (1-2 scoops) per day. Use less, proportionally (based on weight), for younger horses or lighter breeds.

The enclosed 1/2 cup scoop will hold approximately two (2) ounces (56.75 grams) when filled to the 1/2 cup line. For more precise dosing, the use of an accurate gram scale is recommended.

**PRIOR TO USE:** For horses used in competition, please check with the appropriate governing/sanctioning body to insure that the use of all ingredients listed is allowable.

### Warnings

For animal (Equine) use only.

Keep out of reach of children. Keep out of reach of other animals/species. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.
